Pittston.

A sad drowning accident occurred in the river at this place about 2 o'clock yesterday afternoon. The victim was Peter Kollinsky, aged 15, of Center street. In company with several companions young Kollinsky went to bathe at a point where the Spring brook water pipes cross the river. As near as can be learned Kollinsky, who could not swim, walked out to deep water on the pipe. Suddenly he was seen to slip and fall into the water. Several boys who were close by attempted to reach him, but he sank from sight. Bats filled with men and boys immediately set to work dragging the river for the body and succeeded after a few hours search in finding the body at the bottom of the river about 100 yards south of where the unfortunate fellow went down.

The cause of the accident, by which Colonel Mason lost his life, was the rotting of the piece of timber which held the joints of the pipe in place, allowing the action of the water to fall back, and leaving a square end against which the shoe of the carriage caught. Inspector McDonald Thursday evening sent Coroner Perkins an order to hold an inquest in the shaft accident case.
